

Assignment: P1(code)

```
1 package assignment01;
2
3 public class Main {
4
5
6
7     public static void main(String[] args) {
8         System.out.println("-----");
9         System.out.println("DHA SUFFA UNIVERSITY");
10        System.out.println("-----");
11        System.out.println("Transcript");
12
13        System.out.println("-----");
14        System.out.print("Name = Asma Kaiser \t\t");
15        System.out.println("\t\tRoll no.= 201000");
16        System.out.println("-----");
17
18        System.out.print("Subject \t\t");
19        System.out.println("\t\t\tMarks");
20        System.out.println("-----");
21
22        System.out.print("Programming Fundamentals \t\t");
23        System.out.println("\t\t 98");
24        System.out.print("Programming Fundamentals Lab \t\t");
25        System.out.println("\t\t 93");
26        System.out.print("Applied Physics \t\t");
27        System.out.println("\t\t 84");
28        System.out.print("English \t\t");
29        System.out.println("\t\t 93");
30        System.out.print("Calculus \t\t");
31        System.out.println("\t\t 87");
32        System.out.println("-----");
33
34        System.out.print("Percentage \t\t");
35        System.out.println("\t\t 90.0%");
36        System.out.print("Division \t\t");
37        System.out.println("\t\t First");
38        System.out.println("-----");
39    }
40 }
41
```
